Dental insurance

Taking care of your teeth is about more than just covering cavities and cleanings. It also means accounting for more expensive dental work, and your overall health.

With dental insurance, routine preventive care can lead to better overall health. And you'll be able to save money if any extensive dental work is required.

Who is it for?

Everyone should have access to great dental coverage, which is why we offer comprehensive plans that are available through employers as part of your benefit offerings.

What does it cover?

Dental insurance helps to protect your overall oral care. That includes services like preventive cleanings, x-rays, restorative services like fillings, and other more serious forms of oral surgery if you ever need them.

Why should I consider it?

Poor oral health isn't just aesthetic, it's also been linked to conditions including diabetes, heart disease, and strokes. So, while brushing and flossing every day can help keep your teeth clean, nothing should replace regular visits to the dentist.

Staying healthy

Joe visits his dentist for a routine dental cleaning, to take care of his teeth as well as his overall health.

Oral health is about more than just teeth and gums. It's also essential for a range of other health and wellbeing reasons:

Cardiovascular disease: Some research suggests that heart disease, clogged arteries, and infections may be linked to inflammation and infections from oral bacteria.

Osteoporosis: Weak and brittle bones may be linked to tooth loss.

Diabetes: Research shows that people with gum disease find it more difficult to control their blood sugar levels.

Alzheimer's disease: Tooth loss before the age of 35 may be a risk factor for Alzheimer's disease.

All information contained here is from the Mayo Clinic, Oral Health: A Window to Your Overall Health, www.mayoclinic.com. 2018.

You will receive these benefits if you meet the conditions listed in the policy.

Oral Health Rewards Program

Regular visits to the dentist can help prevent and detect the early signs of serious diseases.

That's why Guardian's Maximum Rollover Oral Health Rewards Program encourages and rewards members who visit the dentist, by rolling over part of your unused annual maximum into a Maximum Rollover Account (MRA). This can be used in future years if your plan's annual maximum is reached.

How maximum rollover works*

Depending on a plan's annual maximum, if claims made for a certain year don't reach a specified threshold, then the set maximum rollover amount can be rolled over.

Plan annual maximum**	Threshold	Maximum rollover amount	Maximum rollover account limit
\$1,000 Maximum claims reimbursement	\$500 Claims amount that determines rollover eligibility	\$250 Additional dollars added to a plan's annual maximum for future years	\$1,000 The limit that cannot be exceeded within the maximum rollover account

Automatic rollover

Submit a claim (without exceeding the paid claims threshold of a benefit year), and Guardian will roll over a portion of your unused annual dental maximum.

* This example has been created for illustrative purposes only.

** If a plan has a different annual maximum for PPO benefits vs. non-PPO benefits, (\$1500 PPO/\$1000 non-PPO for example) the non-PPO maximum determines the Maximum Rollover plan. May not be available in all states.

Vision insurance

Vision insurance helps protect the health of your eyes by providing coverage for benefits that often aren't covered by regular medical insurance.

Protecting your eyesight means allowing for routine visits to the optometrist for eye exams, as well as coverage for glasses and contacts. Make sure your eyes remain in great shape at any age – no matter how much time you spend staring at digital screens.

Who is it for?

Even if you have perfect eyesight, it's important to have regular eye exams to make sure you're still seeing clearly. Most of us may eventually need vision correction, which is why we offer vision insurance to cover some of the costs.

What does it cover?

Vision insurance covers benefits not typically included in medical insurance plans. It covers things like routine eye exams, allowances towards the purchase of eyeglasses and contact lenses, as well as discounts on corrective Lasik surgery.

Why should I consider it?

Regular eye exams can detect more than failing eyesight, they can also pick up diseases like glaucoma and diabetes. Vision problems are one of the most prevalent disabilities in the United States, making vision insurance especially useful for anyone who regularly needs to purchase eyeglasses or contacts, or anyone who simply wants to help protect their eyesight and general health.

You will receive these benefits if you meet the conditions listed in the policy.

20/20 coverage

David notices that his vision is deteriorating. He goes in for an eye exam, and is diagnosed with myopia, which means he needs glasses.

Average cost of vision exam: **\$171**

Average cost of frames and lenses: **\$350**

Total cost: **\$521**

With a Vision policy from Guardian, David pays just **\$10** for his eye exam. After **\$25** in copay, his lenses are fully covered, and he pays **\$96** for his frames.

David's total out-of-pocket expense is **\$131**, saving him **\$390**.

This example is for illustrative purposes only. Your plan's coverage may vary. See your plan's information on the following pages for specific amounts and details.

Life insurance

If something happens to you, life insurance can help your family reduce financial stress.

Life insurance helps protect your family's finances by providing a cash benefit if you pass away. This ensures that they'll be financially supported, and can cover important things from bills to funeral costs. With life policies, you can get affordable life insurance protection for a set period of time.

Who is it for?

Everyone's life insurance needs are different, depending on their family situation. That's why group life insurance through an employer is an easier and more affordable option than individual life insurance.

What does it cover?

Life insurance protects your loved ones by providing a benefit (which is usually tax-exempt) if you pass away.

Why should I consider it?

Life insurance is about more than just covering expenses. Depending on your circumstances, it could take your family years to recover from the loss of your income.

With a life insurance benefit, your family will have extra money to cover mortgage and rent payments, legal or medical fees, childcare, tuition, and any outstanding debts.

Guardian, its subsidiaries, agents, and employees do not provide tax, legal, or accounting advice. Consult your tax, legal, or accounting professional regarding your individual situation.

You will receive these benefits if you meet the conditions listed in the policy.

Preparing and planning

Jorge's never considered purchasing life insurance, but after being offered it through work, he decides it's a smart way to protect his family.

Jorge has a mortgage, and because his wife is helping to take care of her mother, she only works part-time. In addition, his daughter is about to start college.

Jorge looks at how his family would be affected by losing him.

Average funeral cost: **\$9,000**

Average mortgage debt: **\$202,000**

Average cost of college: **\$17,000 - \$44,000**

Average household credit card debt: **\$8,500**

With life insurance, Jorge can make sure that part of these costs are covered if something happens to him.

Disability insurance

Short term disability

Disability insurance covers a part of your income, so you can pay your bills if you're injured or sick and can't work.

Disability may be more common than you might realize, and people can be unable to work for all sorts of different reasons. There are times when many disabilities can be caused by illness, including common conditions like heart disease and arthritis. However, many disabilities aren't covered by workers' compensation.

Who is it for?

If you rely on your income to pay for everyday expenses, then you should probably consider disability insurance. It helps ensure that you'll receive a partial income if you're injured or too sick to work.

What does it cover?

Many disability insurance plans pay out a portion or percentage of your income if you're diagnosed with a serious illness or experience an injury that prevents you from doing your job.

Why should I consider it?

Accidents happen, and you can't always anticipate if or when you'll become sick or injured. That's why it's important to have a disability policy that helps you pay your bills in the event of being unable to collect your normal paycheck.

You will receive these benefits if you meet the conditions listed in the policy.

Partial income replacement

Mike injures his back in a bicycle accident and can't work for 13 weeks.

Unpaid time off work: **13 weeks**

Elimination period: **1 week**

After a 1-week elimination period following his accident, Mike's Guardian Short Term Disability policy kicks in and replaces **\$400** of his weekly income for the remaining **12 weeks** of his rehabilitation.

This gives him a total of **\$4,800** to cover his expenses while he's unable to work.

This example is for illustrative purposes only. Your plan's coverage may vary. See your plan's information on the following pages for specific amounts and details.
